ABOUT ME

I'm a curious tech enthusiast passionate about web development and electrical engineering. I enjoy staying up to date with industry trends, attending events, and building real-world solutions by combining my skills in DSA, software, and hardware.

EXPERIENCE

WEB DEVELOPER / FREELANCE

Developed diverse web projects, leveraging strong skills in Data Structures and Algorithms (DSA) and modern tools like Next.js. Collaborated with clients to understand their goals and deliver effective solutions.

EDUCATION

B. TECH/ ELECTRICAL ENGINEERING
NETAJI SUBHAS UNIERSITY OF TECHOLOGY

Bachelor of Technology in Electrical Engineering with a strong foundation in electrical theory and engineering principles.

12TH,10TH/SARVODAYA BAL VIDYALAYA 2021

Completed 12th grade with a comprehensive understanding of core science principles. Completed 10th grade with a solid foundation in science subjects.

SKILLS

- D.S.A
- Flexibility
- Web Development
- MATLAB
- C++
- Next.js

ACTIVITIES

As an avid learner and tech enthusiast, I enjoy attending industry events and building relationships in web development and electrical engineering. I stay updated by reading about technological advancements and researching industry trends. My expertise in DSA, web development, and electrical engineering drives my passion for innovative solutions.
